

## VICTOR STOVE CO. TO RESUME WORK WITHIN FEW DAYS

Operations To Be Resumed  
Temporarily In Old  
Lock Works.

WORKMEN CLEARING  
AWAY FIRE DEBRIS

Property Loss Alone Will  
Be \$125,000, Fire Chief  
Malloy Estimates.

Work of cleaning up the debris in the foundry and stockrooms at the plant of the Victor Stove company is already under way, officials of the company announced Friday morning. Nothing definite in the way of rebuilding can be started until the insurance adjusters complete their survey of the plant, it was announced by C. E. Sweeney, general manager. The work of production will be resumed within the next few days, the company having secured the old No. 2 foundry of the Deming company, known as the lock works. It is planned to resume production at this foundry in order that the company may be enabled to keep up with orders as far as possible under the present circumstances.

While none of the company's patterns were destroyed in the blaze, some loss was occasioned through damage by water. Workmen have been engaged in cleaning the patterns from rust and this work will be completed within the next few days. The total property damage to the plant will not likely exceed \$125,000 according to a rough estimate of Fire Chief Vincent Malloy. In addition to the actual property damage to the buildings, a big loss through time lost and delay in filling orders, as well as damage by water to a considerable quantity of finished products, is expected by the company. Water pouring into the stockrooms will cause damage through rust to a large number of stoves and while these will not be available as first quality material, it is expected that they can be reclaimed and sold as damaged goods.

Officials of the company have publicly expressed their appreciation for the efforts of city firemen and volunteers in fighting the fire.

## DR. GEORGE MAKES SPIRITUAL APPEAL

People Take To Temporal  
Things Like Ducks To  
Water, He Says.

A large and attentive audience greeted Dr. B. L. George, of Alliance, superintendent of Canton district, last night at the Methodist church. His subject was "The Vision of the Old and the Young Man."

It was a most interesting and forceful sermon based on the Scripture in 2 Kings 6:17, "O Lord, open his eyes that he may see." He said we take to temporal things as ducks to water.

"Spiritual things are obtained only by the approach of earnest souls to God. God uses every way He can to open eyes. He breaks through at every angle where he can find an aperture."

"Spiritual vision comes in three ways. First, through an unusual ability and genius, like that of Shakespeare, the hymn-writers and seers and poets in general. God uses the ordinary processes of education in schools and Christian homes. He uses most of all the power of Divine grace, as shown in cases like Paul and John B. Gough."

The interest and attendance at the meetings have much increased. Last night Circle One and the Helping Hand class attended in a body. Mr. Elson had proved himself a very pleasing and effective leader of choir and congregation. Tonight he will sing "Wonderful Peace," a composition of W. G. Cooper, and Rev. David E. Teolt, of Lisbon, cousin of the pastor, will preach on the subject, "The Draz of the Undertow."

## SELLS COAL MINE NEAR PALESTINE

The James Jones coal fields, southeast of East Palestine, have been sold to a Pittsburgh company, composed of A. Hepler, J. Goldberg and A. I. Leff.

There are 400 acres of land in the fields and it is a No. 6 vein. The outlet to the mine is on the P. L. & W. railroad at Negley. It is understood this company will extend the development of this mine.

Mr. Jones had furnished coal to the McGraw Tire & Rubber Co., East Palestine, for some years.

## Fear Bank Shortage Will Exceed Million

Springfield, March 9.—Fear that defalcation in the accounts of the Springfield National bank may exceed \$1,000,000 were expressed here today, when it was announced that a shortage of more than \$250,000 in bonds in safety deposit boxes had been found.

## PROPOSE COMMUNITY MUSICAL CLUB HERE

Musicians Plan To Support Quaker City Band; Director  
Of Music At Wisconsin University Will Assist.

Interested in the organization of a community musical club, a committee representing musicians of the city assembled at the First National bank parlors Thursday night where they discussed ways and means of forming an organization in Salem that would include all phases of music, vocal, orchestral and band.

Various plans were suggested at this preliminary session which was called and presided over by Ray F. Carter, executive secretary of the Community Service association.

Realizing the importance of retaining the services of Quaker City band, an organization of 27 years standing, those present pledged their interest in the band and a number of the musicians are planning to attend the band concert to be held here Wednesday, April 4.

## ACCIDENTS SEND BOYS TO HOSPITAL

One Boy Hurt In Coasting  
Mishap, Other's Eye  
Is Inured.

Two boys are confined in Salem City hospital by injuries inflicted Thursday night and Friday morning. Lee Wilms, 3, son of Mr. and Mrs. John Wilms, was taken to the hospital Friday morning following a coasting accident in which he sustained a deep gash in his forehead. While painful the injury is not considered dangerous.

Emmor Snyder, 13, son of Mr. and Mrs. E. R. Snyder of Newgarden, underwent a painful operation Friday morning when he had a piece of steel which was deeply embedded in his eye removed by the power of a magnet.

The lad had been pounding something with a coal chisel when a piece of steel broke off the chisel and flew into his eye. He was admitted to the hospital Thursday night.

## Columbiana Loses In State Tourney

Columbiana High school's basketball team was eliminated from further play in the state scholastic tourney at Columbus Friday morning when they were defeated in their first encounter by Beilport, 19 to 6.

Wellsville, the county's other representative in the Class B tourney, won the right to advance into further rounds of play by defeating Bluffton, 17 to 12.

## Bank Bandits Shoot Way Through Posse

Toledo, March 9.—Yeggs who shot their way through a posse of Cygnets citizens after an unsuccessful attempt to break into the Cygnets Savings bank at Cygnets, near here, early today, successfully eluded Toledo police late this morning after a long chase on the Dixie highway near Bowling Green.

## Bandits Save Time By Robbing Filling Station Collector

Columbus, March 9.—Filling station bandits here believe in saving time.

Kather than rob four or five different stations separately two well-dressed young men held up B. B. Callahan, a collector for the Moore Oil company, and got away with between \$700 and \$800, the day's receipts from a number of stations, and Callahan's automobile.

Police were notified and immediately started chase, but were unable to find any trace of the young bandits.

## DAMASCUS ENTERS COUNTY CONTESTS

The Mahoning county high school literary contest will open Friday night with Damascus represented by Raymond Cobb, Wendell Gilbert, Harold Stacy and Edwin Stanley.

Raymond Cobb will go to North Lima where he will enter the oration contest; Wendell Gilbert will compete in the essay contest at Canfield; Harold Stacy will present a story at Petersburg and Edwin Stanley will give a reading at Berlin Center.

At each of these places there will be 14 contestants, representing the 14 high schools of Mahoning county.

## Seek New Trial For Convicted Murderers

Derham, Mass., March 9.—Arguments for motions for a new trial of Nicola Sacco and Bartholomew Vanzetti, convicted two years ago of a South Braintree payroll robbery and murder, opened here today.

The defense plans to base its fight for a new trial on the contention that the late foreman of the jury at the murder trial, Walter Ripley brought to the jury room several cartridges similar to those found in Sacco's possession and also affidavits for witnesses at the murder trial, who later declared they testified falsely.

## Isadora No Longer American Citizen: Weds Russian Poet

Washington, March 9.—Isadora Duncan, the temperamental dancer, whose recent outburst against America and American institutions aroused the ire of Secretary of Labor Davis, is no longer an American citizen, although born in this country, said an official statement put out by the labor department today.

When Miss Duncan married Sergio Esenin, Russian poet, on April 1, 1922, according to the statement, she acquired Russian citizenship and probably will have difficulty in again becoming an American citizen if she desired to do so.

## CASHIER ACCUSED OF EMBEZZLEMENT, HOME UNDER GUARD

Directors Consider Steps To  
Make Good Banker's  
Defalcation.

Springfield, O., March 9.—With the home of Dr. D. K. Gotwald, father-in-law of A. H. Penfield, cashier of the closed Springfield National bank, under guard and Penfield formally charged with embezzlement of \$600,000 of the bank's funds, a meeting of directors of the bank are scheduled for later in the day in the hope of determining whether an attempt would be made to make good the defalcation and reopen its doors.

Penfield was formally placed under arrest last night while lying in his bed. He entered a plea of not guilty and a preliminary hearing was set for March 20 before U. S. commissioner Floyd Johnson. His bond was fixed at \$25,000, which he was unable to furnish, although it was expected that arrangements would be made today for this purpose.

Penfield is charged in the warrant with "knowingly, wrongfully and wilfully, embezzling and converting to his own use approximately the sum of \$600,000 more or less, of said monies, funds and securities of the Springfield National bank to his own use."

It was said today that a receiver for the bank may not be named for several days or until the bank examiners are able to make a definite statement of the amount of the shortage.

## YOUTH ACCUSED OF KILLING GIRL

Grilled By Police After  
Body Of 11-year-old  
Girl Is Found.

Vancouver, Wash., March 9.—Police today grilled Edward Whichfield, 20, suspected of having brutally attacked and murdered Anna Noske, 11-year-old school girl, whose nude body was found on a hillside at Battleground, a village 16 miles north of Vancouver in the Cascade mountains last night.

Whichfield was taken into custody at his uncle's home. There was blood on his underclothing, officers declare. He vehemently denied any knowledge of the crime and refused to answer any questions.

## CAGE TEAMS TRY FOR COUNTY TITLE

The basketball teams of Damascus High school will go to Youngstown Saturday where both the girls' and boys' teams will enter the Mahoning county basketball tournament.

The winning teams in this contest will return to Youngstown Tuesday night, and the best two teams of this engagement shall appear for the third time in Youngstown Saturday, March 17, where the final or championship game will be staged at the Rayen gym.

Damascus High school fans and Damascus residents are proud of their teams, both the girls and boys having made a remarkable record during the season.

## Explosion Kills Two

Gibraltar, March 9.—Two men were killed and two others fatally wounded in an explosion on board the British warship Coventry today. The cause has not been determined.

C. C. Guy has returned to Salem after spending six months with D. G. Raley at Tacoma, Wash.

## Nursemaid And Baby Missing, Kidnaping Case Feared

Albany, N. Y., March 9.—Three fully exclaimed the little fellow to one of his mother's friends.

Quickly the girl interrupted: "I am just taking him out for a little ride."

A ticket agent at the Union station told the police he recalled selling a ticket to New York to a young woman answering the description of the missing maid. She was accompanied by a little boy.

A description of the maid and child was flashed through the air by the General Electric broadcasting station at Schenectady.

## THEY LIE, CRIES MAYOR FERREN IN FLING AT CRITICS

Palestine Mayor Declares  
His Costs Have Not  
Been Excessive.

CRITICISMS UNFAIR  
DRY CHIEF CLAIMS

Asserts It's Time To Spike  
Some Of Talk Going  
Round Of County.

East Palestine, March 9.—Smartaing under the sting of what he termed unfair criticism of fines and costs assessed by him against liquor law offenders arraigned before him, Mayor Albert W. Ferren of East Palestine last night, in his first public report, vigorously defended himself and his administration.

"If I replied to every untrue accusation leveled at my acts," he asserted, "I wouldn't have time for anything else. But it is about time I spiked some of the talk going the rounds of this county. There is absolutely no truth in the common report that my costs, for instance, are excessive."

"I challenge anyone to cite a single instance where I have charged more than the law permits. As everyone knows, costs are regulated by state law and by ordinance. In East Palestine the set costs in any given case are \$6.20, of which \$4.70 goes to the mayor and \$1.50 to the chief of police."

"They Lie," He Says

"Where there have been additional costs levied they have been due to fact that state agents have been employed on the cases and to other contingencies. I have had nothing to do with such excess costs. Whoever says my costs have been exorbitant is a liar—and you can tell him I said so," continued the mayor wrathfully.

"I have stood for a lot lately," Mayor Ferren went on, "but I'm not going to do it much longer. I'm going up to Salem Friday to that enforcement meeting and I'm going to say a plenty about the unfair way I have been criticized. I miss my guess if I don't stop some of this talk which has been going on in East Liverpool and that end of the county."

"Let me add that the insinuation in the newspapers that I have changed tactics and am lowering my fines is absolutely false. The only reason I lowered any fines to \$100 and \$250 was because, as I stated at the time, the affidavits made out by the state were defective. I can't you right now that my fines are not going to be any lower. They'll be just as stiff as they ever were. Let this be warning to the bootleggers."

## DIVORCE DECREES GRANTED FRIDAY

Judge Moore Friday morning held a session of divorce court in which four cases were disposed of. The first was Marcia Cope Snyder of Damascus against Charles Snyder in which gross neglect of duty was charged. The divorce was granted.

The next case was Lee Wyke vs. Margaret Wyke, East Liverpool, the husband charging the wife with cruelty and neglect of her household duties.

Helen Wyand, East Liverpool, was granted a divorce from Homer Wyand, the charge being neglect and cruelty. Cora Hawthorne, East Liverpool, was granted a divorce from Roma Hawthorne, she charging her husband with failure to provide the necessities of life. The cases were remarkable for the brevity and speed with which the testimony was presented.

## GESSNER CHOSEN MAHONING JUDGE

Columbus, March 9.—Gov. Donahay today appointed George H. Gessner, Youngstown Democrat, common pleas judge of Mahoning county to succeed Judge Paul J. Jones, recently appointed U. S. district judge for the northern district of Ohio.

Gessner has been municipal judge at Youngstown. Gov. Donahay appointed Joseph L. Hefferan, Youngstown Democrat, to succeed Gessner on the municipal bench.

## Law Enforcement Problem Is Up To People Says Hare

Ford's Check Pays  
Indebtedness Of  
Lincoln Motor Co.

Detroit, March 9.—Henry Ford paid off today the last penny of indebtedness against the Lincoln Motor company. His check for approximately \$4,200,000 went out to some 900 creditors of the old Lincoln company and to the seven directors who had endorsed its note at banks for \$4,250,000.

Receivers for the Lincoln company closed its affairs recently by paying on a basis of 47½ cents on the dollar. Ford's payment today wipes out the remaining 52½ cents due on every dollar owed by the company.

CHATFIELD'S FIRM  
OF BROKERS IS IN  
RECEIVER'S HANDS

State Candidate's Ticker  
Stops; Developments  
Shock Cincinnati.

Cincinnati, March 9.—Financial circles in Cincinnati were shocked today by swiftly moving developments involving the affairs of Beazell and Chatfield, brokers, a firm whose junior partner Wm. H. Chatfield, Jr., then a state senator, last year was the Republican nominee for the lieutenant governorship of Ohio.

First intimations of abnormal conditions came with the unexplained stopping of the tape ticker in the office of the company. When it became known that the firm was not receiving the customary quotations, inquiry in New York brought forth information that the ticker service had been halted on orders of the New York Stock Exchange. Neither of the partners could be reached, and rumors current in financial circles covered a broad field of speculation.

It then was reported that the stock exchange mandate had been predicated on a rule excluding transmission of quotations from the exchange in New York to firms refusing to submit to examinations of their records.

While former Senator Chatfield was speeding homeward from the east, George H. Beazell, the senior partner, was in consultation with attorneys who soon filed suit for appointment of a receiver.

The petition alleged that the firm's eastern representatives, Hornblower & Weeks, New York, had closed out the Beazell-Chatfield account, the transactions involving securities valued at more than \$1,000,000.

Judge Stanley C. Roettinger of the Hamilton county court of common pleas, designated Henry S. Fisher of the bond house of Weil, Roth & Irving, to be receiver.

## JUDGES TO SPEAK AT BAR BANQUET

The spring meeting and banquet of the Columbiana County Bar association will be held in the Hostetter hotel at Lisbon at 6:30, Saturday, March 17.

Speakers will be Judge Iddings, of the Montgomery county common pleas court, Dayton; Judge Paul Jones, who was recently appointed to the United States federal bench at Youngstown by President Harding, and Atty. Frank Lones, of East Liverpool. Atty. Blaine H. Cockran, of East Palestine, will be the soloist.

Approximately 60 attorneys from East Liverpool, Wellsville, Salem, East Palestine, Lisbon, Salineville and with guests, are expected to attend other parts of the county together the meeting.

Three meetings are held by the county bar association each year, the session places being East Liverpool, Lisbon and Salem. Salem will entertain the association probably in May.

## Gallows End Feast Of Merry Murderers

Fort Madison, Ia., March 9.—"The feast of the merry murderers," came to an end here today when the body of Earle Throst, slayer of a school teacher, slid through the gallows trap with a dull thud in the Iowa state prison here. He died with artificial bravado after playing host at a banquet in the death house to four other amiable killers soon to follow him through the trap door.

## Ruth, Recuperating. In First Practice

New Orleans, March 9.—It is possible that Babe Ruth, slugger extraordinary of the New York Yankees, will take his first practice of the season with his squad of teammates at the Helmsman park today. Ruth is recuperating from successive attacks of influenza, which laid him low at Hot Springs and has not donned a uniform this season.

Ohio Dry Worker Declares  
Police Will Fail With-  
out Co-operation.

CONFERENCE HELD  
IN SALEM FRIDAY

Must Bring America Back  
To Law Enforcement  
Says Speaker.

The problem of law enforcement is absolutely up to the people.

This was the declaration of Thomas B. Hare, of Columbus, Ohio Anti-Saloon League worker, Friday morning at the conference on law enforcement at the First Baptist church.

"Your officers can be very much in earnest, they can go as far as they are legally able and still fail in their work of law enforcement if they do not have the co-operation of the people," Mr. Hare said.

"If we would take the time to encourage our officers to enforce the law we could get much better results. If we would take that same time to encourage the law as the opposition does to get them to close their eyes to violations of the law, we would get wonderful results," he continued. "If your officers are wrong then it is time for constructive criticism and not destructive criticism, and there is a great difference between the two."

Nineteen persons attended the initial meeting Friday morning. Of these three were women. Two other sessions are scheduled for today, one at 2 p. m. and the other at 8 p. m.

Must Have Peoples' Support  
The greater part of the morning meeting was taken up with the address by Mr. Hare. An informal discussion followed his talk.

"There are four divisions of law enforcement. The first is the federal, then the state, then the local, which includes county municipal and township, and last of all the people. Without the last one the first three are helpless," said Mr. Hare in his address.

"We are faced today with a more noxious invasion than a possible German invasion during the war. This republic can endure only on solid enforcement of law. We must bring America back to law enforcement or else we will go to pieces."

"I have more respect for an out and out bootlegger than I have for the man who is neutral and who is neither with or against law enforcement. We must face the facts."

"It is time for someone to speak when Nicholas Murray Butler, president of Columbia university, can go up and down the country defending the bootleggers and apologizing for law enforcement. We must have law enforcement and I am sure that other mayors of this state will go the same way. I don't did if the people press their claims in the proper way."

Should Attend Court

"How many of you were in court when the booze cases here were tried? Some were there and then you blame an official for not finding a bootlegger and you were not there to lend him your support and give him the encouragement that would have been a great help. People should attend court. It has a great psychological effect."

"There is no county in this state where you cannot enforce the law if you cooperate properly. There is not a policeman who is after the bootleggers that it is not known to the professionals and it is impossible for him to get them that way. The attitude of officers means a whole lot."

In answer to an invitation to express himself, Mayor A. W. Ferren of East Palestine declared he "had nothing to say at this time," that he was just there to learn and that what he "had to say he did not want to get into the newspapers for they are very unfair to me."

## CRUTCHLEY CHOSEN FOOTBALL CAPTAIN

Junior And Tackle On 1922  
Team Will Lead High  
School Eleven.

Lester Crutchley, tackle on the 1922 county championship gridiron eleven, will captain the 1923 Salem high football team as the result of his election Thursday by letter men of the 1922 squad.

Crutchley is a junior and an honor student. He played a stellar game at tackle throughout the entire season for Salem High and was one of the important cogs in the smooth working machine that smashed its way to county championship honors.

In addition to Crutchley, Coach Vivian will have Hauser, Vollmer, Satrik and Yengling of the 1922 squad with which to develop a team for next fall.

## Robs Vahey Filling Station Cash Drawer

Youngstown, March 9.—A bandit late last night held up a Vahey oil filling station, obtaining the contents of the cash drawer. The station is located within a block of the central police station. The amount of loot is undetermined.

**What "America" Means**  
ACCORDING to an official estimate made by James J. Davis, secretary of labor in President Harding's cabinet, there are, among the 14,000,000 aliens now in the United States, fully 7,000,000 who have indicated no desire to assume the duties of American citizenship. The condition, according to Mr. Davis, is one demanding serious consideration. He makes it clear that, so far as is within his power, these aliens are to be Americanized before they have the opportunity to alienize America. He professes to see an increasing menace, not so much in the large numbers of immigrants admitted to the country as in the tendency on the part of so many of those who come in to refuse, ignorantly or stubbornly, to fit themselves for citizenship.  
Mr. Davis proposes a remedy. It is not a new one by any means, so far as recommendation goes, but the vigor with which he promises to apply it is encouraging and gratifying. It is to be attempted, first of all, to make Americanism attractive to those aliens who, indifferently or purposely, fail to embrace American ideals of citizenship or government. He says the great need is to teach the aliens "what America means and what the duties and privileges of American citizenship are." To bring this about he is preparing to enroll all aliens who have not taken steps to become naturalized, that they virtually may be "sent to school." If they show themselves, after such training, to be worthy of citizenship, they are to be permitted to become citizens and voters. If they are proved unworthy, they are to be deported.  
It could hardly be claimed that the method proposed is either unreasonable or too drastic. America's difficulties in solving the alien problem are not caused by those immigrants who avail themselves of the earliest opportunity to become citizens. It is the transient, the exploiter of an American propaganda, the preacher and teacher of ultra-radicalism, who regards with suspicious criticism the institutions of American democracy, who makes necessary the imposition of an arbitrary rule. To many of the adventures America has meant little more than a country where a full dinner-pail is assured, with no confusing or embarrassing responsibilities.  
No actual hardship will be worked by enforcing such a rule as that proposed by Secretary Davis. It will protect the immigrant who seeks entry to America with honest and sincere intentions. The harrang of all others can cause no injustice.

**Burning Buildings**  
AMERICA burned up nearly \$500,000,000 in buildings and their contents in 1921, and probably exceeded that figure in 1922, according to students of our national fire loss.  
Such a figure does not mean much to the human mind, but try to grasp it this way:  
Imagine a line of buildings, such as those on any average city street. These are solid, substantial two-story structures, so close together that their eaves touch. But instead of extending the length of a city street, they stretch in an unbroken line all the way across the continent, from New York to Los Angeles.  
Now imagine a fire starting in a building on the New York end of the street on Jan. 1. It burns fiercely and is communicated to the next structure, and the next. So it burns its way without stopping, night and day, until on December 31 it is burning the Los Angeles end of the street.  
That line of burned buildings represents America's material loss by fire during the year.  
More than that! In the blackened ruins of that street in every mile there is some person suffering from burns, and in every space of three miles and a half is a charred human corpse.  
This huge loss does not take into account the cost of fighting fire, which is also about \$500,000,000. Nor does it take into account the loss of records, which are not insurable, and without which a business house or individual merchant is virtually powerless.

**Sees Farm Exports Well Above Normal**  
Figures give little basis for the common assertion that foreign demand for our agricultural products has been seriously curtailed, that such exports have fallen far below the normal. At least, rural economists of the Ohio State university can not read from the export figures any such conclusion.  
"There has been a decrease in exports, of course," remarks R. F. Taber, making the monthly price report of his department. "But the decline has been from the abnormal exports of war-time, and not from normal exports in time of peace."  
"Our export figures for wheat indicate the true state of affairs. Last year, we shipped abroad the equivalent of 231 million bushels of wheat, this in the form either of wheat or flour. This was a decrease from the average of the five war-boom years, 1915-19. The average for those years ran slightly above 251 million bushels.  
"Yet the average of the five years just prior to the war, 1910-1914, was only 165 million bushels. Last year's wheat shipments, according to that, were better than twice the normal."  
"Restoration of Europe will re-establish buying power there, and this may help the American farmer, but it seems to me loose thinking which does not recognize that, even as this happens, many of our agricultural exports will drop from their present level rather than climb again to war-time heights."

# TAFT TAX BILL PUT THROUGH

Passes House With Uniform  
Rulers Arrayed Against It.

## MEASURE NOW BEFORE SENATE

Albough Bill, Providing For System of Appointive Tax Assessors, Passes the House—Donahy In Veto Message Raps the Fisherman's License Proposal—New Measure Would Facilitate Merging of Railroads.

Columbus, March 9.—The taxation bill drafted by Representative Robert H. Taft of Cincinnati, passed the house after lengthy debate by a vote of 55 to 33, advocates of the uniform rule and a number of Democrats registering against the measure, which now goes to the senate.

As passed the Taft bill designated a flat limitation in cities of 17 mills, while the limitation in rural sections is reduced from the present 15 mills to 14 mills. An outstanding feature of the measure is a county budget system, which has the power to distribute where most needed a margin of 5 mills within the 17, there being designated 5 mills for cities, 5 for small district and 2 for counties, leaving 5 for application as the budget commission deems wisest.

An attempt of Representative Kasch of Akron to amend the title of the bill in order to read that 15 billions in personal property is permitted to escape taxation and that the burden of taxation remain where it now is, namely, on farms and homes, and that the general effect is rank confiscation and legalized robbery, was voted out of order by the house.

Final vote was delayed by debate over an amendment offered by Representative Robinson of Lawrence county, who sought to reduce the 17 no limitation within cities to 15 mills, after 1924. His amendment provided a 17 no limitation during 1923 and a 16 no limitation during 1924, thereafter limiting the levies in cities to the present 15 mills. This amendment was voted down by a vote of 30 to 74.

The house passed the Albough bill, which provides for a system of appointive tax assessors. In contradiction to the present elective system of assessors, the county auditor, prosecuting attorney and chairman of the board of county commissioners constitute the county board of assessors, with authority to appoint subordinates to do the assessing. The vote for the bill was 194 to 1. It is said to be a replica of the Warnes law, which was held unconstitutional some years ago.

Without a public hearing on the measure, the house reorganization committee recommended for passage the bill of Representative Justin Harding of Warren county for establishing a state constabulary. The bill is opposed by organized labor of the state on the grounds that state troopers will be used against strikers in the case of industrial disputes. The bill would also build up a police force duplicating present law enforcing organizations and would result in a big expense to taxpayers, opponents claim.

A bill designed to facilitate the consolidation of railroad companies is now pending in the house committee on public utilities, which is expected to recommend it for passage this week.

It is in line with the recommendation of President Harding, according to its sponsors, looking toward the proposed program of consolidation of rail lines in the interest of business and industry, and is expected to assist various proposed consolidations in Ohio.

The bill deals chiefly with the purchase of stock held by persons not consenting to proposed consolidations. Its chief aim, according to Representative Herbert of Columbus, who is a member of the subcommittee named by the utilities committee to work on the various provisions, is to prevent speculators acquiring large blocks of stock in order to compel the consolidation concern paying the highest market price therefor. It also has as one of its primary objects, according to Herbert, the prevention of manipulation of stock prices on the part of persons effecting the consolidation in order to buy up the holdings of citizens at greatly reduced prices to the detriment of stockholders.

In the event a stockholder dissents from the offer of the company wishing to purchase his holdings, an appeal to the state public utilities commission is provided for in the bill.

Following reconsideration of the vote by which it was passed last week the Jenkins conspiracy bill went down to defeat in the senate. The final vote on the bill was 17 to 14, a single vote less than would have been needed to pass it the second time.

As originally drafted the bill imposed fines ranging from \$100 to \$5,000 and a penitentiary sentence of one to five years, for persons convicted of participation in any conspiracy against any statutes of the state.

There was a hearing of the committee on a bill, Twenty-four votes for the amendment and four against it were recorded, but upon final consideration the bill was defeated by a single vote.

Governor Donahy vetoed the Atwood fisherman's license bill passed last week by the legislature. In a statement the governor said he vetoed the bill because it would make criminals out of persons who fished for only a few minutes each year unless they had obtained the licenses. Extensive and expensive policing would be necessary to enforce the measure, he added, and he denounced the bill as one of the "tantalizing little things that serve to bring governmental activities into contempt."

The governor declared that from time immemorial fishing has been the poor man's sport, adding "We should hesitate before we charge a father and mother the sum of \$1.20 to take their children out for a few hours' fishing, not to mention the trouble of obtaining the licenses."

Before funds are thus raised for the propagation of fish, which the bill proposes, the streams of the state should be "cleared up," the governor said, declaring that "our stream pollution is becoming a disgrace and a menace to the state." He recommended an appropriation rather than a tax for restocking purposes.

Proponents of the Atwood measure say that it may be repassed over the governor's veto. They direct attention to the vote on the bill, which was without dissent in the senate and by a vote of 89 to 29 in the house.

The bill of Representative Tallentire of Hamilton county, raising standards of admission to the Ohio bar was placed at the head of the third reading calendar by the house rules committee. The bill once passed the house. It was reconsidered following protests against the requirement of 1,200 hours of classroom work. As it now stands 600 hours of classroom work in a recognized law school are required.

Second on the calendar is a bill passed by the senate appropriating \$1,250,000 for weak school districts.

Sixteen other bills were placed on the calendar. Included in these are the Lipp bill to speed up court procedure in criminal cases; the Wise bill authorizing leasing of Summit Lake bathing and boating facilities to the city of Akron; the Wendt bill permitting sale of wood alcohol at garages; the Marshall bill creating chief justiceships of common pleas courts in counties having two or more judges, and the Finetrock bill requiring prisoners sent to jail in default of fines to work out fines and costs at the rate of \$1.50 a day.

The bill of Representative W. C. Coles, Cuyahoga county, requiring county auditors to publish lists of tax exempted property was killed for a second time by the senate taxation committee. And to make sure that it would not again be brought to life, Senator Joseph Gardner, Hamilton county, made a motion to have it reconsidered and then voted with the majority against his motion.

The right of charter cities in Ohio to adopt whatever system of voting they wish, so long as it does not bring about disfranchisement, was upheld by the state supreme court, which also sustained as constitutional other phases of the amendment to the city charter of Cleveland, ratified by the people two years ago and carried into court by George D. Hile and William H. Hile.

The amendment created a manager form of government, among other things. It also provided for what is known as the Hare system of proportional representation by which

electors are chosen into four districts to be represented by not fewer than five or more than nine members of council. Voters are allowed to give only one first choice.

Judge Robinson, who dissented from the opinion of the supreme court, held this to be a virtual disfranchisement because it does not authorize voters to register first choices for the entire number of candidates, which he holds they should be permitted to do.

Replying to criticism of the fish and game division policies made recently by Malcolm Jennings, secretary of the Ohio Manufacturers association, J. W. Stueber, assistant chief of the fish and game department, declared that Jennings' attack has aroused sportsmen against the manufacturing association in all parts of the state, although Chief Baxter does not think that Jennings in his criticisms expressed the sentiment of the manufacturers at large. "Jennings forgets that there are a half million persons in the state who enjoy the scenic beauty of our streams and the delight of fishing," Mr. Stueber stated. "In southern Ohio pollution from industry is doing great damage to farms and industry should not be permitted to put the farms out of business."

Chief Baxter authorized the assistant chief to further state that there is no desire on the part of the fish and game division to hamper industry and that Jennings well knows this to be true and that the division has solicited and begged for the co-operation of all manufacturers on this problem.

Mr. Jennings stated yesterday that he would await Chief Baxter's action before making further comment. The bulletin, he said, was issued only as a personal opinion in the spirit of joking rebuke.

# RURAL TEACHERS MEET SATURDAY

Program Is Arranged For  
County Conference In  
Washingtonville.

As one of a series of school meetings, particularly for teachers in the rural schools of Columbiana county, a conference has been arranged to be held at Washingtonville at 10:30 a. m. Saturday. Teachers from Salem, Perry, Butler, and Knox townships are included. The following papers are outlined:

"Rural First Grade Work," Mrs. Jane Myers, Salem; "Some Weak Spots in Work of High School Pupils," A. J. Garrett, of Washingtonville, and a round table in charge of E. E. Smeltz, one of the assistant county rural superintendents.

For the afternoon session the program will include: "First Grade Reading," Mrs. Marnie Girard, of Washingtonville; "Writing" by J. W. Balfour, of Knox township; "Teaching Arithmetic in the Upper Grades," Alice Azell, Winona; address, County Superintendent J. W. Moore.

# UNIFORM TRAFFIC MEASURE FAVORED

Columbus, March 9.—Unopposed at its first hearing before the senate highways committee, it appeared certain today that the uniform traffic code bill by Sen. L. L. Marshall, Cleveland, will be recommended by the traffic committee next week for passage.

The bill, drafted by a committee of city solicitors as result of survey made by the Scripps-Howard newspapers, showing more Ohioans killed in traffic accidents in the last 10 years than died during the World war was considered by the senate committee Wednesday night.

Several minor amendments were made and a subcommittee was appointed to draft additional amendments which will cover points overlooked in the original draft.

This subcommittee, composed of Sens. Marshall, McCoy of Youngstown and Edwards of Licking county, is to report early next week. Sen.

Rowe, Cleveland, chairman of the highways committee, expects to call another meeting next Tuesday, when the amended bill will be recommended for passage.

# LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe, improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

# Dairymen Of Lisbon Join Sales Company

J. D. Rice of East Liverpool, organizer for the Dairymen's Cooperative sales company, of East Liverpool, called a meeting in Lisbon Thursday afternoon for the purpose of organizing local dairymen and enlisting them in this association. Several new members were added. They will be affiliated with the East Liverpool body.

There are a large number of dairymen in the central part of the county who have signified their intention of joining this body later. The work of enlisting them will be completed at another meeting.

## DEPOSED MAYOR RE-OPENS FIGHT

Former Massillon Official To File Proceedings In High Court.

Massillon, March 9.—Quo warranto proceedings against M. P. L. Kirchoffer to have him show by what authority he is serving as mayor of Massillon will be filed before the state supreme court Saturday or early next week, attorneys for Herbert H. Vogt, removed as mayor by Gov. Donahay a week ago, announced today.

The proceedings will be based upon the contention that his removal was illegal, it was said. Five grounds will be set up to establish the contention. Mayor Vogt was removed after he had been found guilty by Gov. Donahay of misconduct in office, non-attendance at council, and gross and wilful neglect of duty, following a hearing lasting several days.

The proceedings will contend that the charges filed against Vogt were for acts alleged to have been committed in a prior term and not under his present commission; that the statute under which Vogt was removed provided for a full public hearing, which was denied him; that all matters passed upon were considered by H. L. Davis, Gov. Donahay's predecessor, and that nothing was offered during the hearing that happened since Davis' investigation; that no evidence was introduced at the hearing to substantiate any of the nine charges filed against Vogt and that the main reason given by Donahay for the removal was one other than those contained in the charges; and, that the statute is unconstitutional.

## S. V. Auxiliary Plans Anniversary Program

A program and covered dish supper are being planned in connection with the observance of the 20th anniversary of the Sons of Veterans auxiliary, to be held March 22 at the hall on Broadway.

While the program has not been fully decided upon it will consist of remarks by charter members, music, talks and recitations. Philip Triem camp members and their families and the auxiliary and families are invited to the celebration.

## WILL INVESTIGATE OLD CITY

American Archeologists to Delve Into Site of Ancient Punic Stronghold of Carthage.

While the world is waiting with bated breath for the complete revelation promised by Lord Carnarvon's discovery in the sands of Egypt, it learns of the intention of a number of American supporters of archeological excavation to expend a substantial annual sum for ten years on the investigation of the ancient Punic city of Carthage. Half historical and half mythical, Tyrian Carthage—which must not be confused with the later and flourishing Roman city of the African fathers, of the Donatists, and of Belisarius—stands as no city of sweetness and light, but rather as a type of the commercial and, for all the splendors which poetry and art have woven about its fabric, of the commonplace and the banal. Archeology, however, may correct this impression, though, when the spade has performed its task, it may be questioned whether, after all, Carthage as seen through the eyes of Virgil, Turner and Flaubert does not yet present the more entrancing spectacle. Despite Schleimann, the Scenae gate is still nearer to us in Homer than in the ground plan of Hissarlik, and Agamemnon's palace is still rather to be sought in the pages of Aeschylus than on the modern site of excavated Mycenae. But we would not underrate the spade-work of scholars, or its results. What was Crete, with Labyrinth and Minotaur, but a myth a short time ago? What is it now if not Plato's Atlantis? It is again?—New York Tribune.

## GUTENBERG BIBLE FOR SALE

Said to Be Finest Example Left of First Book Printed by Mechanical Means.

From Leipzig comes word that the copy of the famous Gutenberg Bible, which is said to be the finest example extant of the first book printed by mechanical means, is on the market, to be sold to the highest bidder.

The Bible for years has reposed in the Leipzig museum of books. Its sale at this time is forced because the museum is unable to continue its existence without new funds to cover its cost of maintenance.

This copy of the Gutenberg Bible was presented to the state of Saxony by a Dresden collector. The state, in turn, vested the title in the Leipzig museum, and this institution, at the present, is prepared to pass on the heritage to the highest bidder.

Artists of Germany, including Max Liebermann, Louis Corinth, and others, are attempting to raise funds to cover the deficit and save the book for Germany. The value of the Leipzig Bible is practically beyond appraisal. One copy, in bad condition, was sold in 1911 for \$500,000. All other examples known are damaged. This Leipzig Bible alone is a perfect specimen, and, for that reason, is most highly valued of all these examples of the early printing art.

## GUTENBERG BIBLE FOR SALE

Said to Be Finest Example Left of First Book Printed by Mechanical Means.

From Leipzig comes word that the copy of the famous Gutenberg Bible, which is said to be the finest example extant of the first book printed by mechanical means, is on the market, to be sold to the highest bidder.

The Bible for years has reposed in the Leipzig museum of books. Its sale at this time is forced because the museum is unable to continue its existence without new funds to cover its cost of maintenance.

This copy of the Gutenberg Bible was presented to the state of Saxony by a Dresden collector. The state, in turn, vested the title in the Leipzig museum, and this institution, at the present, is prepared to pass on the heritage to the highest bidder.

Artists of Germany, including Max Liebermann, Louis Corinth, and others, are attempting to raise funds to cover the deficit and save the book for Germany. The value of the Leipzig Bible is practically beyond appraisal. One copy, in bad condition, was sold in 1911 for \$500,000. All other examples known are damaged. This Leipzig Bible alone is a perfect specimen, and, for that reason, is most highly valued of all these examples of the early printing art.

India has 229,000,000 Hindus.

OBITUARY

George Patterson  
George Patterson, 57, died at 3 a. m. Friday of a complication, resulting from rheumatism, at his home south of Damascus.

Mr. Patterson was for years a railroad engineer and was a member of the Brotherhood of Engineers. Surviving are his widow, five children, Mrs. Mabel Metcalf, Parkersburg, W. Va.; Byron, Alliance; Mrs. Martha Metcalf, Washington, D. C.; Paul and Elizabeth, at home; one brother, Jesse, New Castle, and two sisters, Mrs. John Humphrey, of Winona; Mrs. Nacabee, who resides in Canada. His mother, Mrs. Elizabeth Patterson, resides with her daughter, Mrs. Humphrey at Winona.

Funeral service will be held at the home south of Damascus at 2 p. m. Sunday. Interment at Damascus.

David Bardo  
H. F. Bardo, who resides west of Patmos, received a telegram Thursday evening announcing the death of David Bardo, aged about 65, who died Thursday morning at the home in Platte, S. D.

Mr. Bardo was born in the vicinity of Patmos, son of Mr. and Mrs. David Bardo, Sr. He was a farmer by vocation. He had resided in the west for a number of years. His widow and three children survive. The funeral will be conducted Sunday.

Benton Reports To Reds; Freed Of All Charges

Chicago, March 9.—Rube Benton, absolved of charges of crookedness in baseball, will report to the Cincinnati Reds immediately, it was announced today. The sale of Benton by the St. Paul American Association club to the Reds received the official seal of approval from Commissioner K. M. Landis, to whom the "nasty situation" involving Benton has been put for a decision.

Benton, formerly New York Giants' star pitcher, has been in the minors two years. It was declared he had been deliberately "cast out" of the majors because of charges, never proven, that he had advanced knowledge of the throwing of the 1919 world's series on the part of the Chicago White Sox.

Landis characterized the holding of Benton in the minors as an action "at war with every conception of justice and fair play."

STOCKS

MARKET IS IRREGULAR  
New York, March 9.—The stock market opened irregular today, most of the active issues showing fractional gains. Baldwin rose nearly two points to 141 and Lima Locomotive advanced one point. The Pan American issues showed large fractional gains. U. S. Steel was unchanged. Studebaker advanced 1/2.

SURPRISE AWAITS HOODED MOB TRIAL

State Introduces Element Of Mystery; Secrecy Is Maintained.

Bastrop, La., March 9.—An element of mystery was given the grand jury investigation of hooded mob murder in Moorhouse parish today when the state of Louisiana sprang a "surprise" witness at the secret inquiry.

The witness was Eugene Vaughn, a farmer of Mer Rouge, whose name has not previously been connected with the case. Vaughn's story was closely guarded and officers refused even to intimate the nature of his testimony. Vaughn was the first witness summoned before the grand jury who was not called at the open hearing in January.

The spotlight of publicity which marked the opening hearing days of the state's investigation of hooded mob outrages in the parish, culminating in the murders of Watt Daniels and Thomas F. Richards, has been replaced with a veil of secrecy.

The attitude of state officials in guarding Vaughn's connection with the case only reflected their efforts at secrecy in all other phases of the investigation.

Mix Work and Play Fairbank's Advice

Happy Medium The Thing, Says Producer of "Douglas Fairbanks in Robin Hood."

All work and no play makes Jack a dull boy.

And, all play and no work makes a man a bum.

The happy medium is always the thing. This is universally conceded and now Douglas Fairbanks, who so brilliantly eclipses all his past screen triumphs in his latest cinema masterpiece, "Douglas Fairbanks in Robin Hood," a United Artists release, now at the State theater, says:

"Mix work with play."

This is the succinct way of expressing the only panacea for the malady of an extreme. Supplementary to this he says:

"If you have no wholesome outdoor sports, you're not likely to last long as a valuable indoor toiler, and I'm for boosting the idea of making athletics as general as possible," he continues. "It's all a question of getting work and play mixed in proper proportions. Be wise in this mixing process and you'll get rid of half of life's troubles."

**MAY SERVE MEAL FROM TEA WAGON**

The tea wagon has long been considered almost a necessity as a labor-saver in serving, but with the new drop-leaf style it may be used to serve an entire meal. In a small apartment where the living room also does service as dining room, a roomy tea wagon, such as the one illustrated, would make a dining table almost unnecessary. How delightful to have one's dinner before a sunny window and one's breakfast before a crackling wood fire by just wheeling the handy tea cart to a different part of the room.

**Magnifies Finger Prints.**  
An instrument that makes an enlargement of finger-print marks has recently been designed and put in use by the police department of Paris, France, says Popular Mechanics Magazine. It consists of a boxlike device mounted on a short column that is served to a flat piece of oak. The specimen bearing the finger marks is pushed through a slot in the apparatus until it comes before a window, where it is brilliantly illuminated by a 1,000-candle power electric bulb. A lens placed above the bulb and a movable mirror project and reflect the image magnified ten times, upon the paper placed upon the oak board. This provides a rapid method of examining side by side and in the same degree of magnification, the finger-print record of the suspect and the marks upon the object he is supposed to have touched.

A moving picture projector which can be used by anybody, anywhere, making possible the projection of moving pictures under all conditions is in use in France.

Rather Rough on the Opera.  
A young woman from Baltimore, having seen most of the sights of New York, and having heard much of the famous amateur nights at a certain burlesque house, persuaded a friend to escort her to one of these entertainments. The informal, bohemian atmosphere and the fog of blue smoke that rose from cigars and cigarettes on all sides inspired her to light a cigarette. During the intermission the manager sought her out and indignantly reproached her for breaking the rule of the house. "You'll have to cut that out," he exploded, "we don't have it here!" "But how absurd," said the lady from Baltimore, "I smoked at the opera last night." The burlesque manager's face was hurt and his tone was grumpy. "Lady," he expostulated, "this is a respectable house."

### Eddie Collins Friends Doubt He Is A Holdout

Marlin, Texas, March 9.—White Sox teammates of Eddie Collins, famous second baseman, today were inclined to doubt reports that Collins may be a holdout. Never in his long career has he been a holdout. He has been called a "model" ball player.

It is reported, however, that Collins expressed dissatisfaction with his contract offered for this season which, it is said, was for an annual salary of \$15,000—the amount Collins had been getting for the last eight years with Chicago.

Collins is understood to have asked a \$20,000 a year raise. He has not reported at the training camp, but generally is a late starter as he is easily conditioned.

"GRAND TO HAVE YOUR HEALTH" says Mrs. Jenny Evans of Detroit, Mich. Few of us appreciate our health until we lose it. Mrs. Evans worked in a factory, but owing to a weakness, and pains in her back she was forced to give up work. She says: "A friend recommended Lydia E. Pinkham's Vegetable Compound and it made me well. It is grand to have your health, to feel well all the time and to go around like other women without that awful torture of female troubles." Women who are suffering from such troubles should remember that Lydia E. Pinkham's Vegetable Compound is the tried and true medicine, now recognized everywhere as the standard remedy for female ills.

# CRONKITE CASE ROUSES INTEREST

ORDER FOR GENERAL'S RETIRE-  
MENT PROTESTED BY HIM  
AND HIS FRIENDS

## HIS SON'S DEATH THE CAUSE

Father is Held to Have Been "Too  
Active" in Trying to Prove it a Case  
of Murder Instead of Suicide as  
Reported.

By EDWARD B. CLARK  
Washington.—Washington has been  
interested for some days in the case  
of Maj. Gen. Adelbert Cronkite, U.  
S. army, organizer and commander in  
France of the Eightieth American  
division. General Cronkite fought  
with his division at the battle front  
in the last year of the war. For  
some reason or other the War de-  
partment has ordered that he shall  
take his place on the retired list of  
the army although he has not yet  
reached by some twenty months the  
age when retirement is compulsory.  
The order has stirred up a controversy.  
Things which have happened almost  
continuously since that April day  
when the United States began to fight  
Germany prove that while war brings  
reputation to many men, it occasionally  
brings a loss of reputation, or, at  
any rate, fixes a suspicion that the  
fame accredited to a man is not as  
high as it should be. Apparently there  
was nothing wrong with General  
Cronkite's war record, for the reasons  
why he has been ordered to the re-  
tired list have to do with after the  
war happenings or alleged happen-  
ings.

**Mystery of His Son's Death.**  
After the war General Cronkite  
came back to find that his only son  
had been killed in the far northwest.  
There was and still is a mystery  
about the death of the young man,  
who was a major of engineers. Some  
persons said he had killed himself  
and others said that he was murdered.  
General Cronkite refused to accept  
the suicide theory, and he has spent  
months pressing as hard as he could  
an investigation which he thought  
might show that a certain person or  
certain persons had killed his son.  
An investigation seemed to show to  
the satisfaction of some high officials  
of government that General Cronkite's  
pressing activities in the case were  
unjustified, and that suspicion was  
made to fall where it ought not to  
fall. Therefore it was considered that  
the general was perilously active.  
A good many American officers of  
high rank feel today, and Washing-  
ton knows how they feel, that while  
they did all that was in them for  
their country during the war, at least  
a part of their countrymen, some of  
them of high place in the army, did  
not feel they had met all the require-  
ments of duty's case. The names of  
the general officers who served for  
awhile and yet were not allowed to  
complete their full term of active  
service in France are many. Perhaps  
it is invidious to go into the matter  
now, but there are major-generals and  
brigadier-generals whose service  
seemingly was of the highest charac-  
ter and yet who found themselves  
when at the apparent peak of their  
careers, relieved from service at the  
front and sent back to the United  
States.

**Some Peculiar Cases.**  
In a good many of these cases no  
reason ever has been given for the  
relieving order. Probably everybody  
remembers the case of Maj. Gen.  
Clarence R. Edwards, a man who his  
followers declared to be one of the  
most human commanding officers and  
one of the best who served Americans  
in France. Virtually every officer of  
Edwards' division stood by him from  
the first, declared that he was a bat-  
tling warrior, that he was success-  
ful, that his men loved and trusted  
him; yet he was relieved, why? The  
answer is not yet.  
There are a good many other cases,  
one of which was notable because of  
the attending circumstances. It is  
that of a brigadier-general who was  
relieved from his post of duty and  
ordered back almost immediately after  
he had done something which gave  
him the Medal of Honor, the highest  
decoration in the gift of the United  
States. This medal is given only  
for something which a man does that  
is over and above the call of duty.  
Those who have read Victor Hugo's  
story of the sailor who risked his  
life by chaining the wild wheeled can-  
non which was thrashing about the  
ship and threatening its destruction,  
and was given the Legion of Honor  
for the deed, and then shot because  
it was his fault that the cannon be-  
came loose, will realize that this case  
of fiction was similar to this other  
case of fact. The American brigadier-  
general who received the Medal of  
Honor was given his decoration and  
then was punished by being ordered  
back. What he had done was to  
forget his brigade for a few moments  
in order personally to take part in  
a daring operation during which came  
his opportunity to distinguish him-  
self in the highest degree.

## Lisbon Notes

**Wright Home Robbed**  
The home of W. F. Wright was en-  
tered by thieves some time Tuesday  
evening according to a report made  
yesterday to the local police. Several  
articles of clothing, a valuable fur  
and an electric stand lamp are miss-  
ing. There is no clue to the thieves.

**Dog Bites Youngster**  
Donald, the youngest son of Mr.  
and Mrs. J. E. Rice, south of Lisbon,  
was severely bitten about the face by  
a pet dog. The wounds were given  
surgical attention. The dog will be  
closely watched for several days for  
fear that rabies may develop.

**Columbiana Girls Coming**  
The Columbiana High school girls'  
basketball team will play the Lisbon  
High girls here tonight. This is the  
last game of the season for the  
local high school. There were to  
have been games with East Liverpool  
and Columbiana boys' teams but both  
schools attending the basketball tour-  
nament Zanesville, cancelled their  
scheduled games.

**Mason Tires Play Here**  
Tonight Lisbon basketball fans will  
be privileged to see the Mason Ties,  
of Ravenna, clash with the United  
Cigars, of Lisbon. The visitors have  
a reputation for fast and effective  
playing. The game promises to be  
well worth seeing.

## PALESTINE FORMS BOARD OF TRADE

Business Men Organize On Eve Of Expected Industrial Boom.

East Palestine, March 9.—At a meeting last night in the office of Atty. L. M. Kyes preliminary steps were taken to organize a board of trade in this city.

This project follows fast on the heels of a succession of encouraging developments in the commercial and industrial situation here including announcement of plans for a second glass plant, a George pottery industry and the formation of the new Col. Cochrane corporation with offices and plant in this city.

Business men here realize, they say, that East Palestine is on the eve of another remarkable era of growth and business development, such as characterized the revival of the pottery industry several years ago.

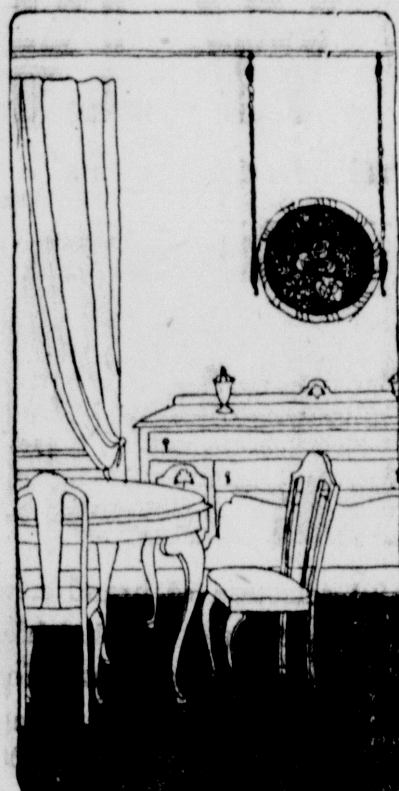

There is at present no active commercial organization to cope with the increasing number of municipal and civic problems and it is proposed to make the trade board a militant body with a membership including all classes of citizens who believe in the future of the city.

## FIERY ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

## THE DINING ROOM FURNISHED IN OAK

The use of a small amount of vivid color to relieve an otherwise neutral color scheme is one of the cleverest effects achieved by the modern decorator. Take, for example, this dining room, furnished in oak, with the new silver-gray rubbed finish. A lovely wicker tray, decorated with orange poppies on a black background hangs over the buffet. Two urns of iridescent glass, shading from pale yellow to deep orange, decorate the buffet top. The draperies are of gray shantung, lined with orange. Japanese grass cloth in a gray shade, with just a suggestion of orange, covers the walls, and a two-toned rug of gray completes the picture.

## A Prescription for High Blood Pressure

Used by Buffalo Physician for Many Years With Great Success

Since the beginning of the year druggists of the better class have been selling a vegetable preparation called NORMA, a very successful remedy for reducing high blood pressure to normal.

People who have no appetite, are moody and nervous, who have headache, hot flashes and dizzy spells probably have high blood pressure and don't realize it.

Norma is not a cure-all but it does reduce high blood pressure and for that purpose is used by many women at the changing time of life.

Bennett's drug store or any high class druggist will supply you with NORMA.

## SPRING COLDS

ARE ALWAYS distressing—frequently dangerous. Avoid them or shorten them (preventing pneumonia) without upsetting the system with quinine. Use this fully-tested, widely-successful Aspirin-Combination. All druggists sell.

## PROPOSE PARKING PLACE FOR DOBBIN

East Palestine Councilmen Deplore The Lack Of Hitching Posts.

Interested in the organization of a community musical club, a committee representing musicians of the city assembled at the First National bank parlors Thursday night where they discussed ways and means of forming an organization in Salem that would include all phases of music, vocal, orchestral and band.

Various plans were suggested at this preliminary session which was called and presided over by Ray P. Carter, executive secretary of the Community Service association.

Realizing the importance of retaining the services of Quaker City band, an organization of 27 years standing, those present pledged their interest in the band and a number of the musicians are planning to attend the band concert to be held here Wednesday, April 4.

On this date Prof. Peter W. Dykema, director of music in the University of Wisconsin, will come to Salem to devote one day and evening to this city in an effort to create interest in community music. Those attending the meeting Thursday night agreed to meet with Prof. Dykema at a dinner to be served at the Elks home Wednesday night, April 4, at which time he will advise them as to how to go about instituting a permanent musical group.

The dinner is to be served at 6 p. m., after which the committee will attend the annual Quaker City band concert.

Information regarding the project may be secured by communicating with Robert Anderson, who has been appointed to assist Mr. Carter in this work, or by communicating with Mr. Carter at the Community House.

## Ohio State Sixth In College Enrollment

Columbus, March 9.—Ohio State university ranks sixth in enrollment in the United States according to a survey covering 140 institutions made by Dean Raymond Walters of Swarthmore college.

The Buckeye university takes second place in the number of agricultural students, fifth in education and practical arts, fourth among the schools of pharmacy and fifth in engineering colleges and schools of liberal arts.

Counting full time students only the University of California leads with 14,961; Columbia second with 10,308; Illinois third with 9,285.

## Things to Know About Our Service

## What's Behind Your Light Bill?

Perhaps all you see on that slip of paper is a lot of figures, a discount date—something about so many kilowatt hours and the address of our general office.

What you don't see behind your light bill is the vast array of men, money and material constantly required to give you light when you push a button.

Think of the buildings, the fortunes invested in machinery, the army of men from skilled engineers to office staff! Think of the hundreds of miles of wire, every inch of which must be kept in service.

Isn't it remarkable that the small sum of money indicated in your bill has placed all these factors to work for you!

# THE IMP

By AGNES G. BROGAN

(©, 1923, Western Newspaper Union.)

"You are very fond of Uncle Bruce, aren't you, Miss Carol?"

The lady thus frankly addressed looked up, a soft flush mantling her cheeks. Dorathea laughed and shook back her bobbed hair, like a restless pony.

"Why be embarrassed over a simple question?" she pursued. "You are fond of Uncle Bruce, and more, he is equally fond of you."

Miss Stacia Carol arose indignantly.

"Please, Dorathea," she said, "try not to talk foolishly. Your uncle and I are very good friends. I value his friendship, but even you must not—"

Stacia smiled in spite of herself. Dorathea was very daring and very rude, but, after all, Dorathea was lovely. The elder woman dropped a light kiss on the dark bobbed head and left the room. Up in the silence of her own room she sat with fast-beating heart. The girl had discovered the secret which she fancied so carefully hidden. The big, earnest man who, a year ago, engaged her from the school where she was teaching to come to his home as a companion and womanly adviser to his ward and niece, had become day by day to be the great fact in her life, the realization of the kindly, sterling character she had hoped, though unconsciously, to meet as the "one" man.

Dorathea, slipping from the window seat as her uncle entered the room, went to rest on the arm of his chair. The stern lines of the man's mouth relaxed into a smile. "Hello, Imp," he greeted her.

Dorathea's arm went about his neck. "Bruce," she questioned disrespectfully, "when are you going to ask Miss Carol to marry you?"

"Dorathea!" he exclaimed. "For mercy sake, some one may hear you."

"Which is not," calmly returned his niece, "answering my question. A blind bat could see that Stacia Carol adores you. And if you are not in love with her then I am mistaken. Why don't you grasp your opportunity, Uncle Bruce?"

Her uncle arose, laughing. It was an uneasy laugh. "Run along, Miss Impudence," he said.

The girl met a young man outside, near the evergreen tree. Almost it seemed that the young man was there with intention.

"Lo, Bob!" she greeted him. "Glad you're here. I need your assistance in a little plan. Bob, do you suppose that two persons who are unconsciously in love with each other might be encouraged to discover the fact if they were inveigled into a moonlight ride together, or something like that?"

"L," returned Bob, promptly, "fell in love with you during a moonlight ride."

The girl shrugged her shoulders. "You, Bob," she unflatteringly replied, "would fall in love with anyone, any place."

Stacia Carol, that evening on the veranda, found herself listening to a conversation. Dorathea was entertaining Bob Gordon on the seat beneath the evergreen tree.

Suddenly Miss Carol sat up alert.

"I am willing to go through with it, Bob," the girl was saying. "I don't believe Uncle Bruce could catch us before we were out of town. I always think I'd like to know what it would be like to elope. So exciting, the getaway. I doubt if we could go far without some one notifying him of our departure, and he would chase us in his car. The thought of anything out of order, like that, would be most distasteful to him. I could face Uncle Bruce without a tremor and go through with the runaway; but if Miss Carol should get wind of the affair and come along with Bruce—well, good-night!" finished Dorathea, expressively.

"I'd just have to go back with her. I never can brave things out with a woman. We ought to reach Dale's Corners at 9:30 tonight if we start right now. I am all ready. Where is your car?"

The moon was high and the tree-bordered road seemed turned to silver enchantment when, later, the troubled professor turned to his companion.

"I will never forget your kindness in offering to come with me, Stacia," he said. "Dorathea has passed beyond my control. Your influence in preventing this elopement with that worthless Gordon is my one hope. Truly 'love is blind,' though sincere love may recognize sterling worth," added Uncle Bruce huskily.

His eyes, in the moonlight, met the compassionate eyes of Miss Carol. Perhaps, needing the comfort of compassion, his hand, free of the steering wheel, reached out to cover hers.

Another car stood directly across the road, blocking the way. Dorathea hopped from the car; Bob Gordon followed.

"Isn't this a heavenly night?" asked the girl. Her uncle stared.

"Dorathea!" cried Miss Carol, "I heard you plan this elopement and I—"

"Come on to save us, like the dear thing you are," interrupted Dorathea. She laughed. "Neither Bob nor I would elope for the world. We just thought it would be fun to see if we could get away without being stopped—exciting experiment. As I remarked, it is a heavenly night. Did you two enjoy your drive?"

The professor looked down into the dancing eyes of his niece. Then, unusual happening, he kissed her.

"You Imp!" he said.

## Early Bird Catches The Paying Market Is Slogan For Ohio

It was culling in 1921; last year it was balanced feeding, and this year the summer campaign of poultry extension specialists at the Ohio State university will be on chick-raising.

Since a chick hatched early is a chick half raised, E. L. Dakan and G. S. Vickers, the specialists, are and

have since before Christmas, been holding meetings introductory to the effort. Dakan has met poultry demonstrators in 35 southern Ohio counties, and Vickers is now in the north of the state holding about six such meetings in as many counties every week.

The plan by which this educational campaign is to be forwarded was tried out in Marion county last year, through S. B. Stowe, agricultural agent there. Men and women who want to raise a larger proportion of hatches, and to get them in the market when the price is right, get together and vote in a series of recommendations offered by the specialists.

The recommendation most stressed and one almost always adopted, is that the heavy breeds of poultry be hatched between mid-March and mid-April, and lighter breeds between the middle of April and of May.

"Easter chicks" always grow better and are strongest, it is said, and demonstrators who hatch in accord with the project plan can have cockerels on the market at least six weeks ahead of the September glut and ought to have pullets in 25 per cent production by Nov. 1, when eggs are generally at the peak of their price.

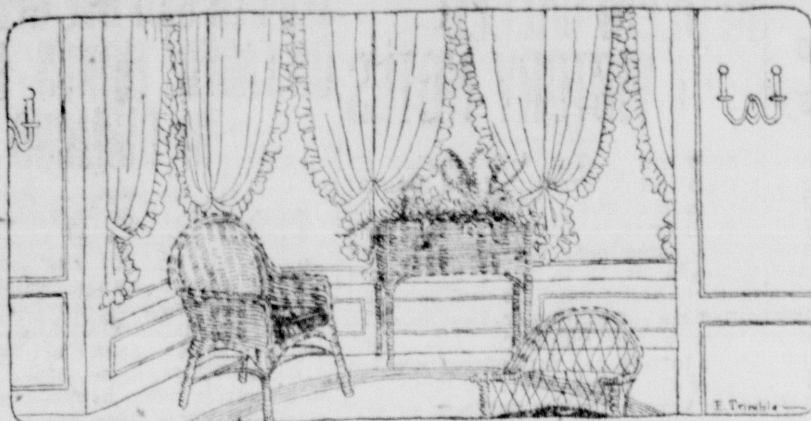

The hatching seasons now in progress are to be followed with rearing meetings the summer. The campaign will reach into 75 or more counties.

## Girl Is So Hot She Sleeps In Snow Bank

Escanaba, Mich., March 9.—Physicians are baffled with the condition of Miss Evelyn Lyons, whose temperature is so intense that medical thermometers cannot gauge it. Her temperature is estimated at 120 and is ascribed to a tumor pressing on the thermal center in the girl's head. Otherwise she is apparently healthy.

She is so hot that once she was found wearing nothing but a nightgown lying in a bank of snow, where she went, she claimed, to "cool off." She suffered no ill effects from the exposure.

## THIS WILL SOLVE THE BAY-WINDOW PROBLEM

A bay window—how many of you are perplexed by this problem in refurbishing an old home? Why not make a tiny sun parlor? A few pieces of wicker, some cretonne cushions and white ruffled curtains and perhaps a small table or sewing cabinet will make a comfortable little room that anyone would enjoy.

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years, proved safe by millions for colds, headache, toothache, earache, neuralgia, lumbago, rheumatism, neuritis, and for pain in general. Accepted only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoacetic Acidester of Salicylic Acid.

## DECLARES NAVAL POLICY PUTS U. S. AT POWERS' MERCY

Naval Expert Says Japan And Britain Set Fast Pace For U. S.

Washington, March 9.—The United States must choose between the expenditure of \$300,000,000 to attain her "second to none" navy, as authorized by the 5-5-3 treaty, or accept a naval position of marked inferiority, Capt. Frank H. Schofield, U. S. N., one of the best informed naval experts in America, declared today.

Fearing the United States is "swept by an emotional generosity and trust in international affairs not consistent with our ultimate well-being," Schofield declared the American navy is far out-distanced by the powerful British fleet, while Japan is rapidly building fast cruisers and submarines which can visit the Pacific coast of America and return without re-fueling.

In every phase of peace-time naval strategy the United States is falling behind the rapid pace set by Great Britain and Japan, according to Schofield. He implied America's sacrifice at the Washington limitation conference to promote a better feeling in the world has left the nation practically powerless to cope with a first-class naval power.

The navy is 18 capital ships short of Great Britain's strength, Schofield said. Twenty modern cruisers and 24 submarines are required to bring the navy to standards permitted by the naval treaty. The naval treaty forbids the United States farther fortification bases in Guam, the Aleutian Islands and the Philippines in the Pacific, rendering prompt naval action in support of outlying territory impossible, whereas, it was pointed out, Japan is ready to act swiftly.

"I believe idealism pitted against commercialism and self-seeking is bound to lose," Captain Schofield said. "The correct strategy of the present is for us to be on our guard."

## Two Niles Cage Teams Will Play In Salem Tonight

Revenge for the double setback handed them recently at Niles will be the motto of Salem High basketball teams tonight when the Niles High passers visit Salem for the return engagements.

The Red and Black basketball teams dropped both ends of a double bill to the Niles floor teams when they visited Niles and they are determined that this matter will be adjusted to the satisfaction of Salem fans and players alike tonight.

When the locals went to Niles their teamwork was not up to standard. Since that time this department has shown wonderful improvement and the story is expected to be told in a different manner after tonight's encounters.

The Niles girls boasts of one of the best feminine aggregations in scholastic circles in the state. Their superb attack and defense kept the locals at bay in the first meeting between the teams. A much closer battle is looked for tonight inasmuch as the teams have been given an opportunity to observe the kind of game the teams are capable of.

The girls game will be started at 7:30 and the boys game immediately following.

Sebring—Sunday will be an important day in the Church of Christ here when its members will be asked to subscribe \$550 to pay the church debt.

## SOAKS RIGHT IN AND LIMBERS UP STILL JOINTS

Pharmacists Call It "Joint Ease" Because It's for Swollen, Sore, Painful, Creaky Joints Only

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted or stiff joints, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lambs, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease" You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds' rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

All druggists dispense it daily for about 60 cents a tube as do first class druggists everywhere.

## 3 County Teams Start Contests In Ohio Tourney

Columbiana county's representatives at the finals of the state scholastic basketball tournament at Columbus will get into action today. East Liverpool, Wellsville and Columbiana are the county scholastic teams at the tourney.

East Liverpool will clash with Bowling Green's crack aggregation Friday afternoon. The Pottery City lads are in the pink of condition to represent the county in the Class A meet and East Liverpool fans are expecting them to advance their way to the final games.

Wellsville will meet Bluffton in the Class B tourney. The Orange and Black squad has been going at a rapid pace since losing to Salem here and were one of the sensations of the Class B preliminary tourney at Cambridge.

Columbiana will play in the same round as Wellsville but their opponent had not been selected Thursday night. The Columbiana passers are expected to give a good account of themselves following their victories in the tourney at Akron. They were paired with Struthers for the sectional championship.

London—Thomas Harding, 106, ascribed his long life to "God above, and the constant use of tobacco." He made that statement just before his death. He is survived by 16 children.

## Thin? Run-down? Sure Way to Get Right Weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1893, has made so thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity looker. You inspire confidence. You body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peaky, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

## REDEEM CALLED VICTORY NOTES

Secretary Mellon today called attention to the fact that there are still outstanding called Victory notes to the amount of nearly \$90,000,000. These notes bear the distinguishing letters A, B, C, D, E, or F, prefixed to their serial numbers and were all called for redemption on Dec. 15, 1922.

The widest publicity has been given to this call for redemption, but apparently many holders of Victory notes have not taken occasion to look up their notes and have failed to present them for redemption. Interest on the called notes stopped absolutely on Dec. 15, 1922, so that on any such notes still outstanding there has already been almost three months' loss of interest.

In order to avoid further loss of interest, holders of Victory notes are urged once again to examine their holdings and to present promptly any notes that have been called for redemption.

The treasury is also prepared until
